

OUR SERVICES

Packing & Crating

As a company that certifies its processes, this means that all the packaging products we offer are certified for export anywhere in the world.

Air

Our entire package combination consists of one or more inner packagings in accordance with the provisions of the relevant ICAO provisions.

Land & Ocean

We have a vast experience of over 20 years in the packaging and handling of land and interoceanic cargo, for this reason we have positioned ourselves as leaders at the regional level.
